PROFILE

I am an undergraduate student in Information Technology, passionate about Web Development with skills in Front-End and Back-End using HTML, CSS, JavaScript, ReactJS, NextJS, Bootstrap, and TailwindCSS. I am seeking an internship as a Web Developer, Front-End, or Back-End Developer to enhance my skills and contribute to impactful projects.

EDUCATION

Bachelor of Technology in Information   2022-Present
Rajamangala University of Technology Rattanakosin
GPA: 3.71

Certificate in Vocational Education   2019-2021
Wangklaikangwon Industrial and Community Education College
GPA: 3.61

PROJECTS

E-commerce system

Developed an e-commerce system with product browsing, shopping cart, order tracking, and payment proof uploads, along with an admin back office for managing products, orders, shipping, and revenue reports via a dashboard.
Technologies Used: React, Node.js, PostgreSQL, Express.js

Repair Request Management System

Developed a repair shop management system to log repair requests, track progress, assign tasks, manage inventory, and generate reports with a real-time dashboard.
Technologies Used: Next.js, Bun, Elysia, Tailwind CSS, PostgreSQL
